

How to Use This Pocket Guide

This book is designed to be flexible and easy to use in real-life situations.

You do not need to read this book from the first page to the last page. Each unit stands on its own and represents a specific situation that you may encounter in daily life in Indonesia.

How to read the dialogues

- Read the Indonesian sentence first.
- Immediately check the English translation below it.
- Repeat the Indonesian sentence out loud to practice pronunciation.
